

Our Attitude of Gratitude

Aging Outreach Services (AOS) is dedicating November to gratitude. We would like to take time to acknowledge our many clients, care providers, staff and professionals who have helped us to be successful in our mission over the years.

Thank you!

Established in 1999, AOS was founded on the concept of “A Better Way to Age.” We strive to provide service with a heart that is individualized to each client we serve. We pride ourselves on being the experts in aging well.

The AOS family of services includes our team of Care Managers, Caregiver Registry, Management Team, OutreachNC magazine and our AOS Vacation Cottage. We cover nine counties across south

central North Carolina connecting clients with the many resources and services across the state. Our services allow clients to age in place and get the assistance needed to maintain quality of life, despite the challenges aging can bring.

We are grateful for the network of professionals we work with whom share our passion for quality and specialize in services for older adults, care providers and families.

We look forward to many more years of service in the community and simply want you each to know how much we appreciate you.

-Amy Natt

President & CEO
Aging Outreach Services

Our Vision

is to help older adults and their families age with success.

24-Hour Accessibility

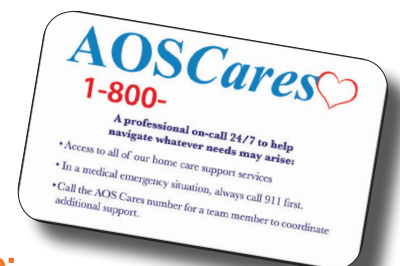

A professional on-call to help navigate your needs when a crisis occurs.

AOS Cares is a program designed to provide clients with access to one of our team members day or night. We offer security for older adults who need someone they can call when a crisis occurs.

Some services available include:

- Access to services 24 hours a day
- Quarterly visits with an Aging Life Care™ Manager
- Complimentary to all 24-hour care clients

Call us today to join our AOS Cares program.

Exceeding Standards...

AOS At Home Care has fulfilled all of the standards established by the Caregiver Registry Standards Board for Best Practices this year, extending our accreditation certification through Dec. 31, 2020.

CRSB accreditation is designed to establish industry standards for private-sector caregiver registries that screen, refer and represent private-duty caregivers. AOS At Home Care remains the only accredited caregiver registry within the state of North Carolina.

OutreachNC magazine wins 2016 National Mature Media Merit Award

OutreachNC magazine received the 2016 Merit Award for Magazine Editorial by the National Mature Media Awards, a national entity that recognizes the nation's best marketing, communications and editorial materials and programs for adults age 50 and older.
